Personnel files are the property of CME and access to the files is restricted. Employees who wish to review their own file must contact the Director of Human Resources. With reasonable advance notice employees may review their own files in the Cave Creek, Arizona office in the presence of the Director of Human Resources.

**Work Week**

The official CME payroll week is a seven day period from 12:01 a.m. Saturday to midnight of the following Friday.

CME’s office is generally open Monday through Friday from 8:00 a.m. to 5:00 p.m. However, hours may vary at different job sites.

A regular work week is 40 hours. Some locations may schedule Saturday or Sunday as a regular work day based on internal operation requirements and customer job needs.

**Shift Differential**
If you work a second or third shift, you may receive a shift differential in addition to your base rate of pay. These differentials will vary depending on the various projects for which a second or third shift is deemed to be necessary.

**Overtime**

To meet special or unusual business needs, your supervisor or manager may ask you to work beyond your normally scheduled work hours, or on Saturday and/or Sunday. Overtime pay is for non-exempt employees only and must be approved in advance by your Project Manager.

If you are a non-exempt employee, you will receive 1 ½ times your regular hourly rate of pay for hours worked beyond a regular work week (40 hours). In some states, overtime is calculated on a daily basis. You receive overtime based on actual hours worked.

The CME policy will be to work extra hours, Saturdays and Sundays, at regular pay rates as required to make up days lost to weather or other factors, up to 40 hours total each week.

**Per Diem**

When daily per diem is provided, a minimum of eight (8) hours will be required to be worked in order to qualify for 100% reimbursement of the total being offered. *Whether an individual’s failure to work the requisite number of hours is attributable to the employee, the contractor, the owner, CME, or a combination thereof will not be considered when determining entitlement to a per diem reimbursement.*

**Travel Time**

If you are a non-exempt employee, you may receive pay for time spent driving to or from any work site beyond your normal work site or assignment, provided the travel is required as part of your job duties and responsibilities. More specific guidelines regarding travel and overnight accommodations will be provided with each Project for which such additional compensation is deemed to be appropriate.

**Time Sheets**

CME will record all hours worked and any time off at the end of each weekly period as provided by the Client.

**Pay Days**
Friday is payday for time worked the previous week.

All CME employees will receive their weekly pay via an electronic format. If you have an existing bank account (checking or savings) and complete a Direct Deposit Agreement Form, CME will deposit your weekly payroll into your account. If you do not have an existing account, nor do you wish to open one, CME will open a Global Cash Card account for you. Marketing materials explaining this service were included with your Pre-employment Packet. Until your application for this service is approved (normally 1-3 days), you will receive a regular CME paycheck.

Advances on wages, travel pay and/or various other types of payment may be considered with the prior approval of the Human Resources Director. This advance would be granted to assist in getting to the job and getting established. Advances are a one-time benefit and are not automatically granted. Approved payments will be made via a pre-paid E-funds Direct Card. The entire amount of the advance will then be withheld from your first full paycheck.

Commissions, bonuses, profit shares, and other forms of variable pay may also be allocated periodically as warranted.

**Payroll Inquiries**

If you have any payroll-related questions, you should notify the Payroll Manager in the CME office in Cave Creek, Arizona.

Verifications of employment for mortgage applications, loans, court ordered garnishments, etc. should be directed to the Payroll Manager in the CME office in Cave Creek, Arizona.

**Involuntary Paycheck Deductions**

Persons who quit employment prior to the scheduled completion of a project may have the following expenses, if incurred, deducted from their final paycheck:

- Pre-employment physicals and drug tests.
- Travel pay and motel accommodations.
- Costs incurred for training, testing fees, certifications and other related expenses.
PAID TIME OFF POLICY

CME Professional Services Paid Time Off (PTO) Program provides you with more flexibility to use your time off to meet personal needs, while recognizing your individual responsibility to manage your paid time off. With PTO accruals, you will accumulate a specified amount of time each pay period, and you will determine how you will use it - for vacation, illness, attendance of children’s school activities, medical/dental appointments, personal business or emergencies.

The PTO days you accrue, effective June 1, 2016, replace all existing vacation, holiday and any other paid days off for which you may now be eligible.

ELIGIBILITY:

You are eligible to accrue PTO banking time if you are a regular status employee scheduled to work at least forty (40) hours per week. Temporary employees are not eligible to accrue PTO time. If temporary employees are hired to become regular status employees to work at least forty (40) hours per week, the employee will then be eligible to accrue PTO time.

EARNING PTO TIME:

You will earn .02 PTO hours for every hour that you work. For example, once you have worked 2,000 hours, you earn 40 hours of PTO time.

USING PTO:

Although you begin accruing PTO on your first day of employment, you do not become eligible to use the accrued hours in your account until after your one year anniversary of your employment date. When you do elect to use your PTO, the accrued hours you use will be paid at your current hourly rate.

If you are separated from CME Professional Services employment, either voluntarily or involuntarily, for more than 6 months, your accrual hours will be reset to zero. Your anniversary date will not be reset, so your original hire date will remain the date for eligibility to use your accrued hours.
**TERMINATION:**

You will not be paid for any accrued unused PTO when you leave the company, either voluntarily or involuntarily: you must be currently employed to use your PTO. Excessive, unexcused absences from a job may cause you to lose your right to use any accrued PTO.

**MANAGEMENT OF PTO:**

You are responsible for managing your paid time off. It is important that you plan ahead for how you will use your PTO account. This means developing a plan for taking your vacations, as well as holidays, doctor's appointments and personal business. It also means holding some time in “reserve” for the unexpected, such as emergencies and illnesses. The amount you reserve for illness should depend on your personal health and sick leave history.

**MINIMUM INCREMENTS OF PTO:**

The minimum amount of PTO you can take at one time may not be less than four (4) hours off at a time.

**MAXIMUM INCREMENTS OF PTO:**

The maximum amount of PTO you can take at one time may not exceed forty (40) hours off at a time, and cannot exceed forty (40) hours.

**TYPES OF LEAVE TIME OFF NOT DEDUCTED:**

Time off taken for certain leaves of absences such as jury duty, bereavement and workers compensation, according to the company policy, will not be charged against your PTO account. Please check with your immediate supervisor regarding these circumstances.

**NOTICE AND SCHEDULING:**

Unless you are ill, you are required to notify your supervisor in advance of your intent to take PTO and get approval for the time off from the CME office. This allows for you and your manager/supervisor to prepare for your time off and assure our staffing needs are met.

There may be occasions, such as sudden illness, when you cannot notify your supervisor in advance. In those situations, you should inform your supervisor of your circumstances as soon as possible.
Please be advised that your manager/supervisor may deny your request for PTO time if you have not completed a project (drug up). This decision is in the manager's/supervisors sole discretion.

**CASH-OUT OF PTO HOURS:**

Employees who do not take time off earned may request a cash payout. A cash payout request may be made for a minimum of ten (10) hours up to a maximum of forty (40) hours per pay period. PTO cash payouts are subject to all usage regulations stated herein. Due to Internal Revenue Service (IRS) Tax Code, we are required to process the cash payout based on a tax rate which may differ from the tax rate on your regular compensation.

Health Insurance
Upon completing 90 continuous days of employment, employees will become eligible to apply for company health insurance benefits. This coverage is managed by a third-party administrator, and all eligibility requirements, applications, available coverage, costs, etc. will be reviewed with you as your eligibility date draws near.
**Project Completion Bonus**

CME will make available on certain projects a “completion bonus,” rewarding those employees who remain on the project until it has been completed, rather than transferring to another project in anticipation of the end of their employment. The details will be made available at the beginning of each project and will be specific to each applicable project.

**Incentives**

CME’s management may from time to time elect to make available to CME’s employees jackets, t-shirts, tool bags, etc. These items may or may not be a reward for certain programs or displays of safe work habits.

**Workers’ Compensation Insurance**

CME provides workers’ compensation insurance to cover costs for treatment of injuries or illnesses sustained in the course of employment. Benefits are in accordance with the policy and applicable state and legal requirements.

Any employee who sustains a work-related injury or illness must inform their supervisor and the CME Safety Director immediately, no matter how minor the injury may appear. Unreported injuries or illnesses may not be eligible for benefits.

The workers’ compensation insurance will not cover benefits for injuries that occur outside of CME’s work.

**Family and Medical Leave**

Family and Medical Leave provides up to 12 weeks of unpaid absence in any 12-month period for eligible employees requiring time off for the following reasons:

- Your own serious health conditions that prohibits you from performing your job;
- The birth of your child, caring for a newborn child or placement of a child with you for adoption or foster care;
  - Or
- To care for your spouse, child, or parent who has a serious health condition.
  (Children are those under the age of 18, unless the child is incapable of self care because of a mental or physical disability).
The 12-week period starts on the day your leave begins. Some states mandate a longer leave period, with which CME will comply.

A serious health condition is an illness, injury, impairment or physical or mental condition that prevents you from performing your job and involves:

- Any period of illness or treatment requiring inpatient care;
- Or
- Any period of illness requiring an absence from work of three or more days to receive continued treatment from a health care provider.

Medical leave taken for your serious health condition or to care for your spouse, child, or parent may be taken as:

- Intermittent or non-consecutive leave - taken in separate blocks of time of at least one hour;
- Reduced schedule leave - leave which regularly reduces the number of hours you normally work.

To accommodate your modified schedule, you may be transferred to an alternate position of comparable pay and benefits.

Intermittent and reduced schedule leave may not be used for the birth of your child, adoption or foster care placement. If you take this type of leave, you must take it all at once and must complete the leave within one year of the adoption, birth or placement of a foster care child.

To apply for Family and Medical Leave, you must:

- Have completed at least 12 months of service for CME and worked a minimum of 1,250 hours in the previous 12-month period;
- Provide at least 30 days advance written notice, if the leave is foreseeable; if not, as much advance as is reasonably possible;
- Complete and submit the appropriate documentation from the health care provider of the person with the serious health condition.

You may also need to provide additional medical certification - i.e., a second opinion or recertification of the condition plus periodic reports of your status or that of your ill relative. To maintain confidentiality, send all documentation in a sealed envelope to CME's office in Cave Creek, Arizona.

While on leave, your health care coverage, life insurance, and disability benefits will continue provided you continue to make your regular contributions for coverage. Be
sure to arrange for these payments with the office in Cave Creek, Arizona before you leave.

When you return to work you will be restored to the same or comparable position with no loss of pay or benefits. If you fail to return from the leave without proper notice, you will be considered to have terminated your employment.

*Bereavement Leave*

You may take a leave of up to three days for the death of an immediate family member. An immediate family member is:

Your spouse;
Children, parents, siblings, grandparents, and grandchildren of you and/or your Spouse;
Step-parents, step-brothers, and step-sisters of you or your spouse.

*Jury Duty, Plus Other Non-Party Ordered Appearances*

Jury duty is an important civic obligation which CME recognizes. If you receive a jury duty summons or other non-party subpoenas, you should notify your manager immediately.

You are required to report to work on days that you are not needed in the jury room or are excused early enough to work part of the day.
GUIDELINES

Code of Conduct

The Company’s Code of Conduct reflects CME’s policies concerning basic standards of business conduct and should act as a working guide for all CME employees. Improper behavior will result in disciplinary action up to and including discharge. If you have any questions about your conduct while at work, check with your project coordinator.

Confidentiality

The security of CME’s products, programs, plans, vendor contracts and other confidential information is critical to our business relationships. All employees must read and sign the “CME Employee Handbook Acknowledgement Form” as a condition of employment.

As a part of your job, you may be entrusted with or come across confidential information. If you do so, it should be used only to perform your job with CME. Confidential information must be safeguarded at all times and should not be discussed with anyone outside of the Company. You have an obligation to ensure that all confidential information remains secure and never disseminated to third parties. Divulging confidential information constitutes an egregious offense and will subject the offender to disciplinary action up to and including discharge.

Conflicts of Interest

Conflicts of interest include any undisclosed or unapproved activity or interest in which an employee participates which is not in the best interests of the Company. CME recognizes that as an employee you have certain rights to personal privacy. However, you must make every effort to avoid situations where your loyalty and allegiance might be divided between CME and any of its customers, vendors, or competitors, either directly or indirectly. The Company expects all employees to avoid even the appearance of an improper personal advantage.

Outside Employment

As a CME employee, you are expected to refrain from engaging in any outside activity that could present a conflict of interest with CME. Full-time employees are prohibited from engaging in outside employment in addition to their work at CME without prior written consent from CME’s office in Cave Creek, Arizona.
If you believe you are about to, or already have, entered into a business relationship that could present a conflict of interest, you should contact your foreman or the Director of Human Resources in the CME office in Cave Creek, Arizona immediately.

Employees who engage in outside employment without prior consent as discussed above will be directed to choose between their employment with CME and the outside employer(s), and to terminate their employment with the employer(s) not chosen.

**Attendance and Punctuality**

Every employee at CME has important job responsibilities considered vital to the continuing operation of the Company. If you are late or absent from work, it may create an undue burden on our clients and fellow employees. So, it is important that you report to work on time, observe time limits for lunch and any breaks and not leave work early without approval.

If, for some unexpected and compelling reason, you cannot get to work on time - or not at all - you must notify your Project Manager or supervisor. You should call within one half hour of your scheduled starting time. Your supervisor will need to know why you will be late or absent and, in the case of absence, when you expect to return. Do not rely on voicemail or a third party. You must contact your manager or supervisor each day you are absent from work.

Failure to comply with this notification requirement, and excessive absenteeism and or tardiness (more than twice) may subject you to disciplinary action up to and including discharge.

If you fail to report to work without notice for two consecutive scheduled work days, you will be considered to have voluntarily terminated your employment, and will need to reapply with CME in the event you desire reemployment.

**Sexual Harassment**

CME believes that all employees have the right to work in an environment free of illegal discriminations, including sexual harassment. Members of management and other supervisory personnel are responsible for assuring that no staff member encounters such conduct in any form from anyone in the Company.

All employees - including those in non-supervisory positions - are prohibited from engaging in sexual harassment. The Company will take disciplinary action - up to and including discharge - against any employee who engages in such behavior.

Specifically, this policy protects you from threats or suggestions that your refusal to submit to sexual advances will affect your job. This includes continued employment,
performance evaluation, pay, promotions, assigned duties or any other condition of employment or career development.

The policy also prohibits offensive sexual flirtations, advances and propositions, repeated verbal abuse, graphic verbal commentaries and other similar, sexually degrading expressions. Also prohibited is physical contact of a sexual nature even if made in jest. CME will use the following criteria to determine if a violation of this policy has occurred:

- Submission to such conduct is made a term or condition of an individual’s employment, either explicitly or implicitly.
- Submission to or rejection of such conduct is used as the basis for decisions affecting the individual’s compensation, promotion, assignment or opportunities.
- Such conduct has the purpose or effect of interfering with an individual’s work performance, or of creating an intimidating, hostile, or offensive work environment.

If you feel you are a victim of sexual harassment, you should immediately notify your manager or the Director of Human Resources in the CME office in Cave Creek, Arizona. The Company expressly forbids any retaliatory action to be taken against you for reporting a perceived violation of this policy. Your complaint will be given serious attention and a timely, objective investigation will be initiated and conducted as confidentially as possible.

Any employee who is found to have engaged in harassment will be subject to appropriate disciplinary action, up to and including discharge.
